Topic: Burglary of a Habitation

Today at approximately 11:14 AM, officers responded to a residence in the 900 block of Mountain Terrace concerning a home invasion.

When officers arrived, they learned two suspects rang the front door bell. When the homeowner did not answer the door, they entered the backyard through a gate. The homeowner was at home working when she heard a loud crash at the back door. When she walked into the living room, she was confronted by two white males and saw her back door was shattered.

One of the males pointed a handgun at her but said nothing. Both males then ran out the back door while the homeowner ran out the front door. Both suspects were described as white males, approximately 5'09" in height. The suspect with the gun had a white bandana over his face and was dressed all in black.
